What is counseling?

Counseling is to allot seats to the MBBS and BDS seats in India according to the merit and choice of the student. Those who have the right to allot seats through counseling are called counseling authority. It is both online and offline, seats in online are allotted from computer, whereas in offline, students are allotted according to merit after appearing.

What are the types of counseling?

There are three types of Counseling Authority for MBBS and BDS Admission in India. Students who want to take admission in MBBS and BDS can register for these three counseling. Admission in MBBS and BDS by these three counseling authorities will be on NEET score but for counseling registration will have to be done separately. So come, I will give you complete information about these three type of Counseling.

- 1) MCC (Medical Counseling Committee)
- 2) State Counseling Authority (State DME)
- 3) Counseling for Central Pool Quota

MCC (Medical Counseling Committee)

This committee has been constituted by Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India for admission in MBBS, BDS and PG and it is Centralized counseling committee. In this, the admission process is completely online, that is, from registration to seat allotment, all the processes are online only. In this, the students of all the states of All India are eligible for admissions who have qualified NEET 2023 irrespective of the state they belong to. Admission is given for MBBS and BDS in these Medical Institutions by MCC. It has all the government colleges except Deemed University. A separate ebook has been prepared about MCC. MBBS DUNIA

Rajasthan

In the Rajasthan state, candidates come from all the states for NEET preparation, as there are more coaching institutes like Allen and Aakash for NEET and JEE preparation in "Shiksha Nagari" Kota. Talking about Top 50, students top both these coaching only. Due to being the top coaching institute in Rajasthan, the marks of the students come more here. Due to less Government seats in Rajasthan state, the cutoff remains very high every year.

Rajasthan is semi open state. Here in the second and mopup round, the seat of Private College will be allotted to the candidates of Rajasthan first, after that if the seat remains vacant then other state candidates will be allotted.

Bihar NEET Counselling

In the Bihar state, there are 1390 Government MBBS seats in 11 Government Medical Colleges and 1050 Private MBBS seats in 8 Private Medical Colleges. There are 30 State quota seats in 01 Government Dental College and 240 private BDS seats in 04 Private Dental Colleges. Bihar is an open state, where only residents of Bihar can take admission on Government seats, but all other state students can take admission on Management Quota (UR) seats in Private Medical/Dental Colleges. For admission in MBBS and BDS, admission is given by counseling by the Bihar Joint Entrance Competitive Examination Board. Due to less number of Government Medical Colleges in Bihar and more candidates, the cutoff of this state remains very high. AIIMS Patna is the best institute in this state, whose counseling for all the seats is done by MCC. After AIIMS Patna, the students of this state choose Patna Medical College.

Maharashtra NEET Counselling

Maharashtra is a close state. Only student's resident of Maharashtra state can take admission in Government and Private Colleges. There is 15% Institutional quota in Private Colleges in which NRI or other state candidates can take admission, but first priority will be given to NRI candidates. Its fees are very high, that is, NRI fees. There are total 4750 Government MBBS seats in 29 Government Medical Colleges, out of which 746 seats are reserved for all India quota. There are 2870 Private MBBS seats in 20 Private Medical Colleges. Apart from this, there are 04 Government Dental Colleges and 25 Private Dental Colleges.

The highest Medical College is also in this state. The candidates of each state give priority to admission in the top Medical Colleges of this state through All India Quota. There is a Private Medical College MGM Wardha which is under the Government, whose fee is very low, but its demand is very high and the merit is also high.

Maharashtra state has the maximum number of seats in India and every year maximum students also give exams from this state. Due to the presence of more Government Medical Colleges, the state quota cutoff is very less. Except Vedanta Medical College Palghar, the special thing for admission in all other private medical colleges is that the candidates whose family income is less than Rs.8 lakh, they get scholarship i.e. 50% of their tuition fees are borne by the Government so that these Private Medical colleges demand is very high. Therefore, like other states, there is no huge difference between the cutoff of Government Medical College and Private Medical College.

Top Government Medical Colleges of this state :-

- 1) G.S. Medical College Mumbai
- 2) B.J. Medical College Pune
- 3) Grant Medical College, Mumbai
- 4) T.N. Medical College Mumbai
- 5) L.T. Medical College Mumbai

In Kerala State, the commission for entrance examination (CEE) provides admission in various courses by conducting entrance exam and counseling, but admission in MBBS, BDS and Ayurveda courses is given on NEET score, so admission to these courses is done by CEE only by counseling. Madhya Pradesh NEET Counselling

Madhya Pradesh state is semi open state. Means that on the Government seats, only the candidates residing in Madhya Pradesh can take admission, but in Private Medical Colleges other state candidates can take admission, but First priority will be given to the candidates residing in Madhya Pradesh state.. If any seat remains vacant then the candidates of other state can take admission on this private seat.

From 2 -3 years, it has been seen that till the Mop Up round, the private seats do not remain vacant after being allotted to the candidates of Madhya Pradesh state, due to which the candidates of other states are not able to take admission till the Mop Up round. Other state candidates can try in the Stray vacancy round in the private college of Madhya Pradesh state, maybe get some chance.

However, in Private Dental Colleges, the seats of Private BDS were allotted to other state candidates in 2nd and Mop Up round round, whose cutoff I have shown below. Still other state candidates can register if any seat remains vacant then they can get it but priority will be given to the candidate residing in Madhya Pradesh state.

How to take admission for state quota?

Prospectus and schedule for MBBS and BDS state quota admission will be issued by Odisha Joint entrance examination (OJEE) which e-counseling after the result of NEET 2023 is declared. Its website is <https://ojee.nic.in/publicinfo/public/home.aspx> and online application form has to be filled there. In this, admission is given by OJEE by conducting first round counseling, second round counseling and spot round counseling.

The fee for filling its application form is Rs 1000/- for all categories. Documents will have to be uploaded while filling the application form and they will be verified online by OJEE. Merit list of registered candidates will be issued on the portal for counseling by OJEE. After this you have to do choice filling and locking at the given time, if you do not lock the choice then it will be auto locked.

First Round Counseling:-

This counseling is online. No security money is deposited in the 1st round. After filling the choice, there is a provisional merit list and seat allotment according to the candidate's choice. If a candidate has been allotted a seat in first round of counseling then online allotment letter will be issued after that. You have to login and download it.

After login, give the option of freeze or float. If you are satisfied with this allotment and do not want to upgrade this seat further, then you will have to choose the option of "freeze", after that you will not be considered for upgrade in the next rounds. If you want to upgrade this seat, then you have to choose the option of "float" for upgradation and participate in the second round. But here it should be kept in mind that if you are allotted the seat of the first choice, then you cannot choose the option of float for upgrade.

If the seat is upgraded in the 2nd round, then you will have to take admission in the newly allotted college. The seat of the first round seat will be allotted to any other candidate. After giving the option of freeze or float, CLC / SLC certificate (College leaving / School leaving certificate) will have to be uploaded online. After that you have to deposit the admission fees of Rs 01 lakh, you can do this through both online and DD. After downloading the allotment letter, all the admission formalities will have to be completed after going to the allotted college along with that allotment letter and original documents and submitting the documents in the condition of being allotted a Government Medical/Dental College. In case of being allotted Private Medical/Dental college, report in OJEE Cell.

First round is exit round. After the seat allotment in the first round, it is not necessary to join it, you will be eligible for the second round counseling and further all round counseling. If you want to resign the joined seat of the first round, then you can resign at the time given by OJEE to resign, in this case the balance amount will be refunded after deducting 10% from the tuition fees deposited. If you do not get seat allot in the first round, then you will have to wait for the second round.

Second Round Counseling :-

Second round of counseling will be conducted to fill the vacant seat after the first round. New registration shall be opened in this round. This counseling is also online. In this, the seat of the first round can also be upgraded. The candidates who have given the option of float in the first round do not need to fill the choice again, they will only consider the choice of the first round, but such candidates who have done new registration in the second round or did not get the seat in the first round, they will not get the seat in this round.

It is necessary to fill the choice again. After seat allotment, the admission formalities are the same as in the first round. If you do not get seat allot even in this round then you have to wait for spot round counseling. If you have joined the seat in the second round of MCC, then you cannot participate in the second round.

Spot round Counseling :-

This counseling will be conducted to fill the vacant seats after the second round and no fresh registration in this round. This is offline counseling i.e. at the time of counselling, candidates have to present with the original documents.

The list of eligible candidates for spot round counseling will be published by OJEE and admission will be given accordingly.
